

No, it's not a time up  
It took 5 mins, they actually  
stepped into the campus.

It took three people only  
5 minutes to break into the  
campus? Impossible, Earth  
Screwdriver must be sandbagging

Not three altogether,  
only one.

Only one  
person,

spent only five minutes  
and broke into the campus.

Incredible... So the shake  
just then was from Earth  
Screw's fight.

I must admit I've  
never seen a new  
student like that.

What!?

Give me the phone.  
I'll ask Earth Screwer  
what happened!

He hurried his words  
and did not give further  
responses, we lost contact  
with him for now...

Something's wrong...

You're here for registration right?  
Sorry we clocked off already, come  
again next time.

You three come together! For ten minutes...

Bring it on if you can even walk  
a single step into the campus!

I haven't met an opponent like you  
for a long time...

I never memorise the names of trash, nor do I  
tell trash my name.

Got it? Idiot!

Devil Executioner Wang, right?  
My name is Earth Screwer Cao.

You all have outstanding potential, maybe one day  
you can dominate Judgement Primary School...

Let's fight again by then!

There will be such a day.  
You have our words.

Gatewatcher Arc Fin.
